Dear Mrs. Kurs,

Just a line to let you know that Mary Fliashman is getting along fine. She is getting interested in our O.T. class and helped make decorations for our regent bazaar.

Mary writes to many people. I do not think she knows any of them except Rabbi Schuster and you. She has a habit of asking visitors for their names and addresses after which she writes them. Sometimes two or three letters a day to each person. I do not stamp them more than one a week to each address. For it would use up a lot of her money in stamps. She is now writing to Santa Claus.

Poor Mary, we feel sorry for her to and try to make her happy.

Thank you very much for your constant kindness to her. Even if she does not always acknowledge your gifts, I know she appreciates them.

Let me wish you happy holidays.

Sincerely Yours,

Mrs. Florence Bailey

Dear Mrs. Kurs:

I am very pleased with your interest in Mary Fleishman.

I think what Mary would appreciate most would be a few letters from you occasionally. Your occasional packages and money that Mary receives at Lincoln boost her spirits and make her feel that someone is taking an interest in her outside of Lincoln. Mary needs nothing special at this time, but what she does need more than anything else would be an occasional kind letter from you. Again I thank you for your kind interest in Mary. I am,

Cordially,

Dear Mrs. Kurs:

Mary Fleischman has asked me to write to you. She is concerned because she has not heard from you for many months. As you are her only contact outside of Lincoln, I think a letter and a package would bolster her morale a great deal. I appreciate your special interest in Mary and I know that Mary really appreciates it. Anything you could do in the way of contact would help Mary. I hope that this letter finds you well and in good health. May God Bless you for your kind help.

With Best Wishes,

*Gerald H. Schuster*
